

EASY AS 1-2-3 CONTAINER GARDENING

The secret to a great container is to choose a showy thriller to be centerstage. It should be taller than the rest and stand out. Next, tuck in filler plants around to add sparkle and depth. Finish it off with a spiller, a plant that will cascade along the pot's edge. Not sure what plants to choose? Don't worry, we're here to help.

1 **THRILLER.** *Choose a showy thriller plant that goes center stage. It should be taller than the rest and stand out due to its color and stature.*

2 **FILLER.** *This is the flower or plant that will fill-in around the rest of what is planted while adding sparkle and depth to the container.*

3 **SPILLER.** *Finally, add a spiller that will flow over the container's edge to give it dimension and impact.*
